

AMENDMENTS TO THE CLAIMS:

This listing of claims will replace all prior versions, and listings of claims in the application:

LISTING OF CLAIMS:

1. (original) A tris(sec-butylcyclopentadienyl) complex of a rare earth metal represented by general formula (I):

wherein M represents a rare earth metal atom.

2. (original) The tris(sec-butylcyclopentadienyl) complex according to claim 1, wherein M is yttrium.
3. (original) The tris(sec-butylcyclopentadienyl) complex according to claim 1, wherein M is lanthanum.
4. (original) The tris(sec-butylcyclopentadienyl) complex according to claim 1, wherein M is praseodymium.
5. (original) The tris(sec-butylcyclopentadienyl) complex according to claim 1, wherein M is erbium.
6. (currently amended) A material for thin film formation comprising the tris(sec-butylcyclopentadienyl) complex according to claim 1 ~~any one of claims 1 to 5~~.

7. (original) A process of forming a thin film, comprising vaporizing the material for thin film formation according to claim 6, introducing the resulting vapor containing the tris(sec-butylcyclopentadienyl) complex onto a substrate, and causing the tris(sec-butylcyclopentadienyl) complex to decompose and/or chemically react to form a rare earth metal-containing thin film on the substrate.
